Prevent Ticket Fraud

- **Photo checks**
  Detect unauthorized ticket sharing. The display shows both the reference photo as well as a current photo taken of the customer at the access.
- **Prevention**
  Prevent ticket fraud by showing the screen to the customers and displaying the photo.

Exceptional Customer Service

- **Personalized salutation**
  Reinforce customer relationships by addressing your customers by name.
- **Well informed**
  Whether with a traffic light system or with plain text signals, the operator has all the information they need, allowing them more time for customer support.

Secured Revenue

- **Advertising space**
  Create advertising space partnerships, sell the space and increase your revenue.
- **Reduced ticket fraud**
  Successful reduction of ticket fraud means higher revenue for you.

Success with Advertising

- **Always in your sights**
  Whether you use a graphic or a company logo, the display ensures your message reaches its audience.
- **Targeted advertising**
  Differentiate between VIPs, children, and adult tickets. Targeted advertising is possible on request.

‘Info Display’

The ‘Info Display’ at the access readers helps you in your daily work. Prevent ticket fraud and use it as an information display.
