TKI Unlimited

The ticket for single trips with many possibilities.

Everything at a glance

- Validity information can be printed on the front side of the ticket in big and clear letters.
- In this way, your guests can keep an overview of their permits and you enjoy an easy, visual check of the ticket.

High level of reliability

- The TKI Unlimited is exclusively made from materials in topcoat quality. This topcoat is an additional protection layer, which improves the scratch strength of the thermo-layer and hence, increases the system's reliability.

Responsible behavior

- Act responsibly. The decision for the TKI Unlimited is a decision for the environment.
- FSC™-certified: The paper for the tickets comes from responsible sources.

The disposable ticket in your very own style

- The ticket can be printed and coded one time. Thus, it is the perfect ticket for single trips.
- As a disposable ticket, it is ideal for operating during the summer.
- Design tickets according to your corporate design thanks to four-colored printing and use unused areas as advertising space.
